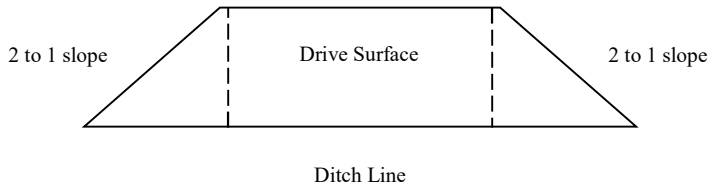
TOWN OF MISHICOT – MANITOWOC COUNTY
APPLICATION FOR PERMIT TO PERFORM WORK
WITHIN TOWN OF MISHICOT HIGHWAY RIGHT OF WAY

Driveway side slopes shall be of earth material, covered with black ground, and seeded. No concrete or bituminous side slopes shall be constructed. Grade shall be no less than a 2 to 1 slope as per diagram below. The culvert must be a minimum of 5 feet from property line and at right angles to the roadway. Culvert must be a minimum of 18 inches x 30 feet long unless special variance is granted from the town board in writing. Longer culverts are required for a large equipment entrance. All culverts must include metal endwalls.

All culvert/driveway installations must comply with the Town of Mishicot Driveway/Culvert Ordinance and the Manitowoc County Firefighter's Association Driveway Guidelines.

CULVERT MUST BE INSTALLED WITHIN 60 DAYS OF ISSUE DATE.

Must have metal endwalls



Note: Please set out a stake, flag or some other identifying marker on each side of proposed work. You may attach a diagram to this application.
